

# SS Get-A-Grip

## Technical Data Sheet (09/6/13)

### ANTI-SLIP ADDITIVE FOR CONCRETE SEALERS

#### PRODUCT DESCRIPTION

SS Get-A-Grip is a non-hazardous anti-slip additive for all coatings. SS Get-A-Grip has excellent suspension properties, especially when mixed into sealer.

#### BENEFITS AND FEATURES

- Easy to use.
- Environmentally safe product.
- Great for outdoor use on any surface area that needs protection from slipping.
- Mostly used outdoors.

#### RECOMMENDED APPLICATIONS

SS Get-A-Grip can be used on any area needing slip resistance such as stairwell pads, pool decks, auto service centers, warehouses, mud rooms, laboratories, aircraft hangars, etc.

#### PACKAGING

SS Get-A-Grip comes in 8 ounce bottles.

#### APPROXIMATE COVERAGE RATES

Usually one 8 ounce bottle will be sufficient in a 5 gallon bucket of sealer. Always do a test for each application.

#### INSTRUCTION FOR USE

**DIRECTIONS:** Slowly add and stir 8 oz. of SS Get-A-Grip into 5 gallons of sealer. Mix during application to keep the SS Get-A-Grip suspended for even coverage. For increased slip prevention, use SS Get-A-Grip in each sealer coat.

#### CLEAN UP

Consult Tech Data Sheet for the sealer used.

#### PRODUCT REMOVAL

N.A.

#### SHELF LIFE

SS Get-A-Grip has an unlimited shelf life in it's original, sealed, unopened container.

#### SPECIAL NOTES

Please consult Material Safety Data Sheet (MSDS) prior to use. This information can be requested by contacting customer service at 866-906-2006.
